# Agenda

1. Actual CSR regulations in Mauritius.
2. CSR projects and 10 years of the foundation.
3. Covid-19 Emergency Funds & other group supports.
4. Way forward.
5. Pictures

# 1. CSR legislation

- In 2019, the Government requested 75% of the companies' CSR contribution to be transferred to the Mauritius Revenue Authority (MRA) redirected to the National Social Inclusion Foundation (NSIF) for redistribution to NGOs but allowed those who were committed in long term projects to contribute only 50 % but required an application for the approval of these projects amounting to 25% of the CSR funds.
- The list of projects submitted by Terra Foundation was approved by the NSIF.

Sponsored in the  
North for the past  
2 years

## 2.3 Percentage of sponsorship for the past 10 years

### 3. Covid-19 emergency funds & other Group supports

#### **Donation of food packs**

- Owing to the critical situation following the sudden lockdown in 2020, the group responded by creating a special emergency fund of Rs1,000,000 to support the neediest of the North.
- 339 food packs sponsored for 5 NGOs of the North for a total of Rs 543,762.

#### **Stay safe operation**

Donation of masks and sanitizing solution to NGOs of the North and hands free sanitising stations to the SSR National Hospital.

#### **Group support**

- Our Common Home Project
- Psychological support to a family following a tragic accident

### 3.1 Social initiatives of Beau Plan Smart City

- 50% of the studies of a Mauritian student at ALU. 2<sup>nd</sup> year for a degree (3 years sponsorship)
- the clown YUL for visits to the children at SSR Hospital twice a week
- Wall painting in Bois Rouge for awareness on environment with the participation of the youths of the region
- Beau Plan Journal (to enhance region stakeholders and inhabitants) – 12,000 copies in the region

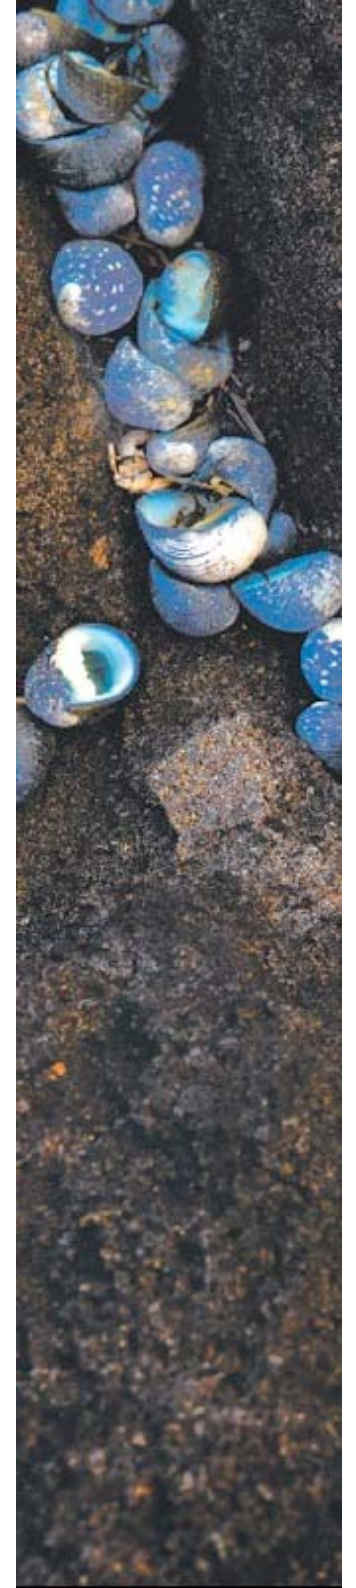

## 4. Way Forward

- To increase participation in community development through involvement of the management and employees of the group and the foundation offering its administrative services to the NGOs of the region.
- To align where possible with the Sustainable Development Goals.
- To promote and support where possible appropriate training to job seekers in the Beau Plan Smart City.
- To procure a maximum from the region.
- Help NGOs to be resilient after covid-19 consequences
- Maintain Collaboration with other national institutions
