Work force

- Workforce of 120 persons of which 75% are female
- No persons under the age of 16 employed on site as per Mauritian Law
- Hours of work: 07.30 am – 5.15 pm
- Overtime is voluntary as per SEDEX requirements

The Sukpak Team

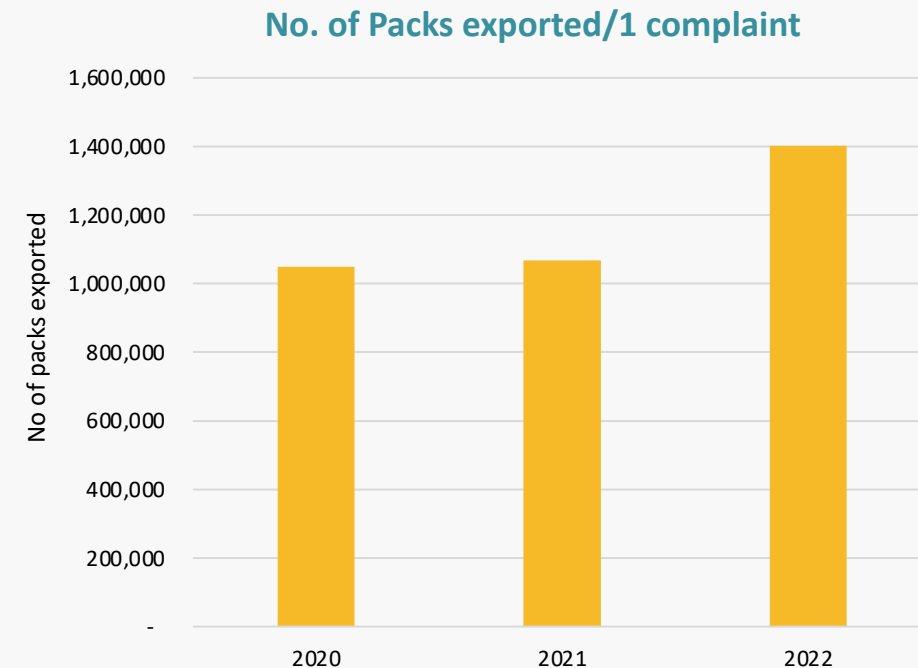

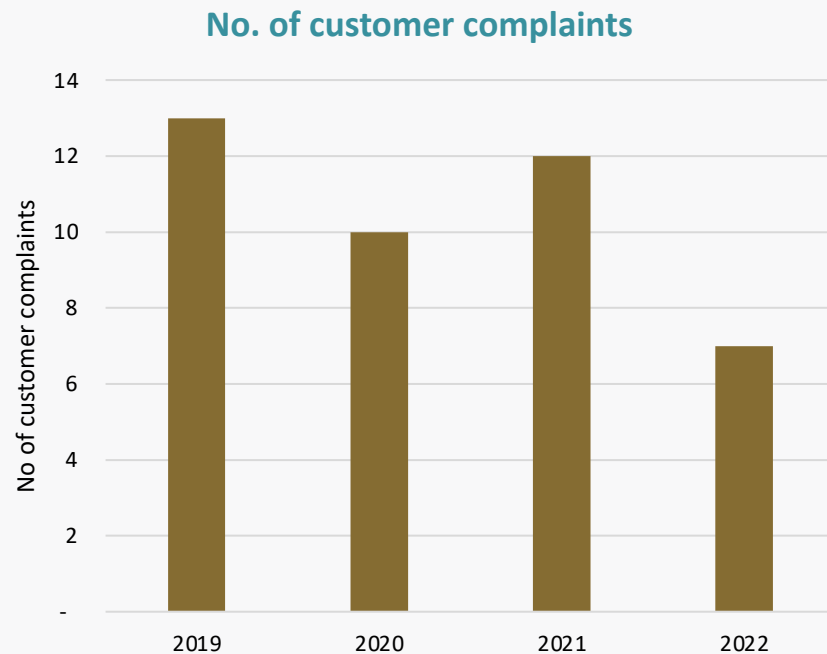

Quality focus

- Accredited Brand Reputation through Compliance Global Standard (BRCGS) Version 8 (A rating audit March 2022)
- Compliance to HACCP standards
- Sugars are packed to critical parameters as specified by customers and based on Good Manufacturing Practices (GMP)
- Comprehensive Standard Operating Procedures
- Operational checks and recordings: every 30 minute intervals by Quality Controllers on each packing line half hourly throughout the day
- Stainless Steel 316, online screens, magnets and metal detectors for maximum risk reduction of potential contamination
- Daily cleaning and weekly deep cleaning of material and packing lines

Quality focus

- Fully committed to Food Safety and Quality of raw materials and products from the arrival of bulk sugar to the stuffing of the containers
- Quality Objective: One complaint for every 1 Million packs exported

Social Responsibility and Sustainability

- Process generates > 100 000 bags of empty bulk sugar bags annually. Sold out for use in storage of frozen fish and collecting poultry waste. Funds generated from these sales are used for :
 - supplying educational materials to employee children
 - paying tuition fees for employee children
 - supplying infant formula milk to employee with newborns for a period of 6 months
 - donations to charitable institutions
 - Meals for the homeless
- Plastic Eco – Friendly pallet wrappers
